PROFESSIONAL SUMMARY

MCA graduate in Computer Science with backend development experience using Java, Spring Boot, Flask & SQL. Built REST APIs, handled database integrations, and applied object-oriented programming principles in real projects. Passionate about clean code, scalable systems, and API-driven development. Seeking a backend developer role to grow and contribute in fast-paced environments.

SKILLS

Languages: Java, Python, C, SQL, HTML, CSS
Frameworks & Tools: Flask, Spring Boot, Git, GitHub, REST API, MySQL, VS Code
Environments: Windows, Linux
Concepts: OOP (Object Oriented Programming), Software Development, API Integration, Debugging, Version Control

PROJECTS

TruthGuard AI • *Flask, Python, NLP, CNN, REST API*
Built RESTful web app to verify fake news (97%) & deepfake images (95%). Integrated with MySQL and responsive HTML/CSS frontend.

EDUCATION

MCA • Netaji Subhash Engineering College, Kolkata • 2023–2025 • CGPA: 7.64
B.Sc. in Computer Science • Univ. of Calcutta • 2020–2023 • CGPA: 7.58
HS (Science) • Naktala High School • 2020 • 71.2%
Madhyamik • Boral High School • 2018 • 73.85%

CERTIFICATIONS

- Cybersecurity Simulation • Deloitte, Tata (Forage) • Jun 2025

- IoT • NPTEL (IIT Kharagpur) • Elite + Silver • Apr 2025

- Programming with Python • Internshala • Mar 2023

INTERESTS

AI Tools, Tech Reading, Chess, Debugging, Travel
